***"IEA is proud to support a consistent friend of public education, and educators need a Governor like Kirk Dillard that will work with us to promote strong public schools and highlight the education profession."***

**IEA President Cinda Klickna**

***IEA recommended candidate for Governor in the Republican primary***

# Kirk Dillard:

## ***Refused to vote for pension-cutting SB1***

"SB1 was rushed through passage with little discussion or analysis. I could not support a pension bill without input from the IEA."

## ***Supports union rights***

"I was proud to stand with Gov. Thompson when he signed the collective bargaining law in 1983. It creates a fair process at the local level and should not be tampered with."

## ***Supports public education***

"Public education is the key to Illinois' future prosperity. I'm proud that my two daughters attend public school and I'll fight to make sure that suburban and downstate schools get their fair share of education funding."
