You can **KISS** the GOP goodbye
with officials who vote like
the Democrats –
like Ed Sullivan!

Can you **TRUST** this man
to represent **YOU**
or does he only represent
the people who give him
MONEY?

The Republican Party recognizes that without integrity — promises and solutions have no value. Therefore, our Party will not stand for the slightest compromise in the ethics of our political leaders, regardless of party affiliation. We recognize that a compromise in the ethics of our Party officials can and will cause damage to the overall Party and to the citizens of Illinois. Ours will be a Party of ethics and integrity, regardless of the cost. (IL GOP Platform)
