RICHARD CHAPMAN

**97th Dist.
State Representative**

Sick and Tired of Excuses! I AM!

Be a fly on the wall of Springfield and this is what you would hear.

"I know the State is broke, but what can we do? If we try to change any programs the state union will get mad. If we try to cut spending, thousands of other people will be mad. We made many promises through the years to get votes and we need to keep them even if we borrow money from the Chinese. Yeah, that's what we should do, because we might keep it afloat just long enough for us to retire and move to Florida. Yeah, get out the credit card, that's the best answer to our crisis. Whew, I knew we would solve the problem."

We all know that borrowing is not the answer. No Government has ever successfully borrowed its way to prosperity. Nor have they been able to tax their way there, it simply doesn't work, but they keep trying and it makes me sick. That's why I am running for the 97th State Representative seat in Springfield.

I will work to:

1. Insure the Governors 67% temporary tax hike stays TEMPORARY!
2. Convert the State pension program from a defined system to something closer to a 401K type system over time in order to be fair to senior and retired employees.
3. Get State Government off the backs of business so our state becomes more business friendly, therefore creating jobs in Illinois.
4. Push a Resolution for only American Laws to be allowed in American courts. There are Muslim organizations throughout the country who are attempting to push "Sharia Law" and make it applicable in our courts, this is unacceptable and needs to be stopped.

**Please vote for me on March 18th 2014. Vote for
Conservative Republican candidate Richard Chapman.**

Thank you and God Bless America!

**Sincerely yours,
Richard Chapman**
